

VIJAY PRASAD

Chief Technology Officer at Hariyalikart | Campus Ambassador of Technex IIT BHU | Campus Ambassador of E-CELL IIT BHU | Campus Ambassador of Techkriti IIT KANPUR | AI Developer | Robotics & Cybersecurity Enthusiast Bathinda, Punjab, India | 7626040216 | vk16122001@gmail.com | **LinkedIn:** [linkedin.com/in/nxtboi](https://www.linkedin.com/in/nxtboi)

EXECUTIVE SUMMARY

Strategic and hands-on Technical Leader with a focus on AI development, robotics, and cybersecurity. Currently serving as the CTO at **DLD HariyaliKart Pvt. Ltd.**, overseeing technical architecture and innovation. Proven track record in ecosystem building, serving as a Campus Ambassador for premier institutions like **E-cell IIT BHU** and **Techkriti IITK**. Passionate about leveraging Python and emerging technologies to solve complex industrial and agricultural challenges.

CORE COMPETENCIES

- **Leadership:** Strategic Planning, Team Mentorship, Product Roadmap, Stakeholder Management.
 - **AI & Development:** Python Development, Artificial Intelligence (AI), Machine Learning, Robotics.
 - **Security & Innovation:** Cybersecurity, Rapid Prototyping, Technical Architecture.
 - **Public Relations:** Campus Ambassadorship, Community Building, Technical Evangelism.
-

PROFESSIONAL EXPERIENCE

HariyaliKart | Chief Technology Officer (CTO) |

- Spearheading the technical vision and digital transformation for a growth-oriented startup in the agricultural sector.
- Managing the development of AI-driven tools to optimize supply chain or agricultural productivity.
- Leading a cross-functional team to design and implement secure, scalable software architectures.

E-cell IIT BHU | Campus Ambassador |

- Facilitating entrepreneurship initiatives and acting as a bridge between the startup ecosystem and the student community.
- Promoting national-level entrepreneurial events and mentoring aspiring founders.

Techkriti, IIT Kanpur | Campus Ambassador |

- Represented one of Asia's largest technical festivals, driving engagement and technical participation within the region.

- Coordinated workshops and seminars focused on robotics, AI, and emerging technologies.
-

TECHNICAL SKILLS

- **Programming:** Python, C/C++, JavaScript, MySQL, HTML.
- **Domains:** Robotics, Cybersecurity, Artificial Intelligence, Web Development, High Voltage Circuits, Nanoparticles, Quantum Physics, Organic Chemistry, Canva, CAD, Circuit Building.
- **Tools:** Arduino IDE, Git, Docker, Linux Systems, VAD, AI Frameworks.

HONORS & LEADERSHIP

- **Innovator:** Recognized for contributions to technical projects and creative problem-solving.
- **Robotics Enthusiast:** Actively involved in the design and development of automated systems.
- **Community Lead:** Extensive experience in representing elite IIT-level technical and entrepreneurial bodies.
